Explorations in Gestalt Pastoral Care

This introductory course is a wonderful opportunity for pastors, spiritual directors, chaplains, or lay people to begin to use some of the most basic tools of GPC for healing and for ministry.

Together you will practice:

- increasing your awareness
- using Faith Imagination prayer responsibly
- facilitating six simple Gestalt experiments, and
- creating personalized healing liturgies

This class is not intended to be a substitute or prerequisite for any of the four levels of GPC training.
