

Interprofessional Spiritual Care Education Curriculum (ISPEC)

July 9-11, 2019
Honolulu, Hawaii

**We Invite You to Join the Growing ISPEC Community:
Inspiring Change and Transforming Healthcare**

ISPEC is a unique opportunity for clinicians and chaplains teams to enhance their leadership skills by learning how to educate, empower, and guide other healthcare professionals, fellows, and students at their institute on the integration of interprofessional spiritual care.

By joining ISPEC community, you will receive:

- A 2.5 Day Train-the Trainer Program, including lectures, case study reviews, discussions, and lab sessions to empower clinicians and chaplains to transform the culture of healthcare in their setting.
- Free, unlimited, one-year access to the ISPEC online course for their entire organization
- One-year mentorship from leading faculty to monitor and support participant's progress on goal achievement.
- 16.75 continuing education credits
- 400+ pages course syllabus and resources

Who Should Apply:

- Clinicians from diverse professional backgrounds (MD, RN, NP, PA, Social work, Psychologists, PT/OT, etc.) paired with chaplains or spiritual care professionals.
- Each of the clinician-chaplain teams can come from different clinical settings, including hospital, hospice, long term care, outpatient, etc.
