*Bless the Work  
of Your Hands*

I "anoint" hands  
(individually)  
to RN's, CNA's  
P.A.'s, etc  
with olive oil  
fragranced with  
Home Fragrance Oil  
as I say the words  
I hold the hands as I  
anoint them.

I do this during  
Pastoral Care week,  
and anytime there  
is a need for  
encouragement &  
strengthening.

P.S. - I leave the pamphlet with  
them also.

## Bless the Work of Your Hands

Bless the Work of Your Hands, O God

Bless \_\_\_\_\_'s hands O Lord

- ... The hands that clean blood
- ... The hands that change pads
- ... The hands that poke needles
- ... The same hands that soothe
- ... The hands that give pills
- ... The hands that make beds
- ... The hands that offer water
- ... The hands that empty drains
- ... The hands that make phone calls
- ... The hands that hold other's hands

Bless these hands O Lord

The hands that are really Your hands.

The works that are really Your works.

The care that is really Your care.

Accomplished by the work of \_\_\_\_\_'s hands.

Bless these hands, O Lord.
