

**A Prayer asking for
God's Guidance and Protection
(A Prayer for Healthcare Workers)**

Ever-Present God, we trust in You for Your guidance and protection as we serve together in our healthcare ministry. Be with us especially at this time as we continue to face the challenges and uncertainties that have come with this current COVID-19 global pandemic.

You have gifted us with so many skilled and caring physicians, nurses, and all our healthcare staff who serve among us.

Thank you for the dedication and compassionate spirit of all who work with us in our healing ministry.

Thank You for Your guidance and protection as we continue to serve in Your Name, bringing comfort and healing to all those who come into our care each day.

Amen

Sister Jane McConnell, OSF BCC
